Sean,

Status is as follows. We are primarily interested in 1's and 4's. 2s' don't discharge and 3's won't have RP. I was trying to cull out the industrials that were not of interest to this project.

IndustrialStatus	
IS_Code	Description
1	active and of WLA interest to the TMDL
2	industrial stormwater and SDS issues, many are LSTS, no NPDES WLA needed
3	Mine pit pumpouts and other industries anticipated to have a super low concentration
4	not considered by industrial review (municipal)
